Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Friday 18 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry tonight but turning unsettled later during Saturday.

This Evening and Tonight:
Residual outbreaks of rain over eastern areas will continue clearing northeastwards during the evening, leaving the region largely dry overnight. Staying cloudy for most with light winds. Minimum temperature 10 deg C (50 deg F).

Saturday:
Cloudy and dry for most during the morning. Some showers will then arrive from the south by the afternoon, these heavy at times and turning more widespread overnight. Maximum temperature 20 deg C (68 deg F).

Outlook for Sunday to Tuesday:
Widespread showers across the region on both Sunday and Monday, many of which could be heavy with a chance of thunder. Drier on Tuesday although showers are still likely.
